

Team

Joanna Jaworek-Korjakowska, Associate professor (dr hab. inż., prof. Uczelni)	
	Research interests: • deep learning • machine learning • computer vision • medical image analysis (early detection of melanoma) Competences: • MATLAB (image processing, data analysis) • Python (TensorFlow, scikit-learn)
h-index (Scopus): 21 jaworek@agh.edu.pl Homepage SkOs	
Paweł Kłeczek, PhD	
	Research interests: • digital image processing • machine learning • medical image analysis (digital dermatopathology) Competences: • programming (Python, C, C++, MATLAB) • LaTeX
h-index (Scopus): 9 pawel.kleczek@agh.edu.pl Homepage SkOs	
Anna Wójcicka, PhD Eng.	
	Research interests: • digital image processing • medical and material image analysis • 2D 3D Graphics Competences: • programming (Python, C, C++, Matlab)
h-index (Scopus): 6 wojcicka@agh.edu.pl SkOs	

Andrzej Brodzicki , PhD Eng.	
	Research interests: • computer vision • neural networks • medical applications Competences: • programming (Python, MATLAB)
h-index (Scopus): 7

PhD students

Dariusz Kucharski , MSc PhD student	
	Research interests: • deep learning • machine learning Competences: • programming (Python, C#/.Net)
h-index (Scopus): 6	
darekk@agh.edu.pl	
Michał Piekarski , MSc PhD student	
	Research interests: • neural networks • anomaly detection • application in accelerators Competences: • programming (Matlab, Python, Cpp) • LaTeX
h-index (Scopus): 3
